Golf Carts

Electric golf carts are permitted if insured and there is a medical need only. An insurance certificate must be provided for our files naming the campground. No gas golf carts allowed.

Water

Turn water off at your site if leaving for more than a trip to town. This will prevent damage in the event of a leak in the trailer. Water left on will be turned off by staff. The water may be shut off and drained back in early Spring or late Fall without notice if freezing conditions are forecast.

Taxes

The owner of each camping unit is responsible for excise/property taxes. If your unit is registered, the town where you reside will send you a bill. If your unit is unregistered, the town where it is parked will send the bill. This may or may not be pursued by all towns. We only wish to inform you of the potential charges.

Pumping

Non-sewer seasonals will be pumped by sign up sheet at no additional charge. This is usually, but not guaranteed, to be Tuesday or Friday. The days may change on holiday weeks as necessary. Emergency pumping service fees of \$25 will be charged to your account for unscheduled pumps.

Fires

Fireplaces may not be built larger than 30" inside diameter. You may build your own fireplace if you choose. The design, location and material must be preapproved by the management. The amount of firewood stored on your site should not exceed 1/2 cord (approximately 2'x4'x8') or 64 cu.ft. Firewood storage sheds must also be approved by the management and placed within your campsite. We will check and clean your fireplace as needed. No construction wood is permitted for fires.

Billing

Electric bills and misc. charges (ie. guests) shall be picked up at the office and paid monthly. Past due accounts will have interest added monthly. Each campsite has an electric meter from which we calculate your individual electric usage on approximately the 1st or 15th of each month. These charges are automatically added to your account. We will post a notice each month when the bills are ready to pick up.

Propane

100# Propane bottles and LP hoses may be purchased from the campground and will be delivered on Tuesdays only. When used with your small reserve tank, emergency or unscheduled deliveries and extra charges (\$25) can be avoided. Please carefully monitor tank fill level. A sign up sheet for the next delivery day is located in the office. Insurance regulations prohibit the transportation of 100# LP tanks in and out of the campground by customers.

The dumpsters are intended for household garbage only. Please take home discarded furniture, grills, boxes, etc. Do not put large items of any metal in the dumpsters. There are also barrels labeled for deposit cans and bottles. Do not burn garbage in the fireplace.
